"ACA has provided the education and support network our camps need. In a university setting, where college students are the norm, ACA has allowed me to educate the community, advocate for the children we see on campus, and keep them safe throughout the summer and during the off season"

WELCOME!

TO HEPNET 2020

Dear Colleagues,

It is my honor and pleasure on behalf of the board of directors to welcome you to the 2020 HEPNet annual conference. This year's theme, Keeping Clear Vision in Times of Change couldn't be more relevant and needed in my opinion.

Jaime Lopes · @jaimelopes (Unsplash)

I hope that we can provide an opportunity for you to connect with each other and ground yourself in our collective mission of advancing the interactions of higher education institutions with children and youth.

What a year we've had- and it's not over yet! In these unprecedented times, it is more crucial than ever that we double-down on our commitment to protecting youth. Feelings of isolation, anxiety and stress are ever-present among youth, and are also taking a toll on the adults who care for them. It is a cornerstone of our field to be clear-eyed and unwavering in our attention to the core issues of youth protection, and also continue to respond to new risks facing youth in these times.

A special thanks goes to our tireless conference committee, co-chaired by

Marci Hutchinson and Kristen Roe. Their endless creativity has resulted in a fantastic virtual program that reflects both perennial youth protection issues, and emerging topics reflective of current events.

One thing I most look forward to every year at the HEPNet conference is the warm and welcoming atmosphere we create when we come together. Though we can't replicate the in-person experience, I hope that each of you will find ways to be in community among your colleagues throughout this week's events.

I look forward to connecting with all of you. Thank you for joining us!

Sincerely,
Caroline Shelton
